

Networking conference

LIVING HERITAGE

KNOWLEDGE, IDENTITY, PRACTICE

Heritage is a continually evolving process, rooted in both tangible and intangible expressions — shaped by transmission, community practice, and cultural identity. This conference invites reflections on how traditions and heritage sites are maintained, transformed, and experienced today across disciplines, generations, and cultural contexts.

Register by
15 October 2025

THEMATIC AREAS

- 1 Interdisciplinary Frontiers in Heritage Studies**
Integrating arts, technology, humanities, and sciences for innovative heritage research.
- 2 Bridging Tangible and Intangible Heritage**
Linking museums, archeoparks, and heritage sites with living traditions, rituals, and performing arts.
- 3 Cultural identity and heritage transmission**
Reviving languages, crafts, and rituals through education and the safeguarding of intangible heritage.
- 4 Cultural heritage management**
Economic, environmental, social sustainability, and community participation. Immersive Heritage Experiences.
